Tuesday 23rd May 2019

Dear parents / carers

As part of our habitat topic this term, we will be having an exciting **Bug and Habitat Day** at school on Thursday 2nd May. The day will include lots of outdoor learning and will include a visitor who will bring in a wide range of insects and reptiles for the children to see and handle. **The cost of this visit is £6.00** per child. Please pay using **parent pay** via the school website to ensure your child can take part.

Bugfest

Yours sincerely,
Year 3 Team
